

MOBILEFLARE

If you need help, **Shine**

Personal Safety

Crowd Pressure

Medical Emergency

Water Please

MobileFlare turns your phone screen into a colour-coded distress signal

No signal needed once installed – **No registration** required

Free – **No adverts** – **No tracking** – **No** reason to **not** install it

In case of emergency (to you or those around you), simply open the App, hold the relevant button, raise your phone to attract attention.

Download for Apple iOS

Download for Android

This Venue is a **MobileFlare Aware** Venue
Staff have been trained to recognise the signals
